## Education

### University of Texas at Arlington

Master of Science in Computer Science

December 2020

GPA 3.6

### Rajiv Gandhi College of Engineering and Research - Nagpur University

Bachelor in Computer Technology

2012 - 2016

## Skills

**Frontend** – Vue.js, Angular, Bootstrap, CSS, HTML, Javascript, Typescript

**Backend** - C#, PHP, .NET Core, GraphQL, REST API

**Platforms** - AWS, Azure, IBM Cloud, Netlify, WordPress

**Tools** - Postman, Git, Jira, Figma, Confluence, Dynatrace

**Database** - MongoDB, MySQL, SQL Server, PostgreSQL

## Experience

### Bank of New York Mellon Technology

Application Developer

Pune – Maharashtra, India

July 2016 – December 2018

- **Static Data Management** – Web Application:

- Responsible for designing and developing a POC for migrating legacy WPF application to a robust web application
- Enhanced user experience of the product by using modern libraries like Angular 5, CSS and Bootstrap
- The application resulted in reducing data access time by ~80%

**Angular 5, C# web services**

- **eFission** – Windows Application:

- Upgraded legacy code and enhanced with new feature set by utilizing .NET WPF platform
- Point of contact for fund accountants for any issues and enhancement requests related to eFission
- Supported SQL server migration from 2008 version to 2016 version and ensured defect free release process

**WPF, SQL server 2016, ADO.NET**

## Academic Projects

- **OneClick** – Web Application:

- Project aimed at serving as a one stop shop for all queries related to the university
- Used voting system on custom google search box results to sort most useful links
- Implemented community forum for students to engage and learn more about the campus resources

**Angular 8, Node.js, Firebase, Serverless**

- **Ibras** – Web Application:

- Delivered academic project for a restaurant management for multiuser roles
- Used Laravel framework and hosted app on university cloud platform
- Implemented security of the application using .NET authentication libraries

**PHP, MySQL, University Cloud**

## Achievements

- Won the 2017 Best of Class award for being a part of and contributing to Global Fund Accounting project while working with Bank of New York Mellon Technologies.
- Awarded 'Drives and Delivers Excellence' for efficiently integrating the use of Jira in work log tracking while working with Bank of New York Mellon Technologies.
